DRAYTON MANOR HIGH SCHOOL

YEAR 10 & 11 COURSES

Subject	IT
	(compulsory – delivered through carousel)
Course Level	Key Stage 4
Examining Body	Non-examinable

This course fulfils the statutory requirement for Computing in Key Stage 4

What will I be studying?	What skills will I develop?
Students are taught the principles of information and computation, how digital systems work, and how to put this knowledge to use through programming. Students will also become digitally literate – able to use, express themselves and develop their ideas through, information and communication technology – at a level suitable for the future workplace and as active participants in a digital world	• Capability, creativity and knowledge in computer science, digital media and information technology • Analytical, problem-solving, design, and computational thinking skills • How changes in technology affect safety, including new ways to protect their online privacy and identity, and how to identify and report a range of concerns

How will the course be structured?	How will I be assessed?
The course will be delivered within a carousel, alongside RE and CCW Year 10 • Programming with Python • IT and the world of work Year 11 • Advanced programming in Python • Online safety	There is no external assessment for this course.

If you have any further questions about taking this course, who should you speak to?
1. Your Computing Teacher
2. Head of Computing – Mr Bayeh
